## Leak Detector Fluid Concentrate 206

### NU 465

A synergistic blend of surfactants which has been designed as a tracer for potentially dangerous gas & air Leaks. Forms a micro-porous foam which highlights the smallest leak. Safe to Handle, (neutral pH) Non-Flammable, contains anticorrosive, Bio-Degradable and does not contain caustic or petroleum solvents.

- **Highly Effective**
- **Easily applied neat or dilute**
- **Safe on paintwork, metal surfaces, glass, stone and rubber**
- **Universal application, safe with gas or air**
- **Neutral pH**
- **Biodegradable – uses renewable source surfactants**
- **Undyed**

#### Application

Use neat. Apply via brush, swab or spray to suspect area and look for bubbles which will highlight any problems. Then wipe away or rinse with clean water.

Can be diluted 10:1 for larger areas

**Available in wide range of plastic containers**
