WAY OIL RANGE

Mineral oil based slideway oils Product code: Refer to table below

Product Description:

Spartan Slide way oils are a range of specially designed lubricants manufactured from carefully selected base oils with anti wear, extreme pressure, and anti corrosion additives. They also include special tacky and lubricity additives, which afford good lubricity even at low traverse speeds.

The range has been specially designed for machine tool slideway applications.

Benefits:

- Wide range of viscosities available
- Contains extreme pressure additives for arduous conditions
- Excellent lubricity
- Good corrosion protection
