SUPER-GRIND LU 130

Spartan Super-Grind is a Biostable fully synthetic grinding fluid which gives high levels of corrosion protection even at high dilution's. Super-grind has been developed to overcome foam problems in large high velocity grinding systems where fluid turbulence and air retention are a problem. Suitable for use on all ferrous metals including cast iron.

FEATURES

Extremely low foaming

Suitable for surface and cylindrical.
Resists Bacteria
Outstanding corrosion protection

BENEFITS

Better cooling and flushing giving better finish and improved wheel life.
Excellent lubricity, versatile.
Long tank life.
Fewer rejects

CONCENTRATION

Surface and Cylindrical Grinding Between 2 - 4%

PRODUCT DATA

Appearance	Forms a clear bright green solution.
Specific Gravity	1.07
pH @ 1%	9.0 -9.4

HEALTH AND SAFETY INFORMATION

Safety Advice Not classified as dangerous, however the following safe working practices are recommended. Do not mix with other chemical products unless specifically directed. Coolant concentration should be controlled within the recommended dilution range. Keep out of reach of children.

First Aid Wash splashes from the skin with soap and water. Following eye contact flush thoroughly with water. If swallowed, DO NOT INDUCE VOMITING. give water to drink. Medical attention is recommended following eye contact, or if the product is swallowed.

Spillage's Small spillage's may be flushed to the foul sewer with plenty of water. Larger spillage's should be absorbed with mineral absorbent, and collected for disposal.
