## System Clean Blue176 MA420

A synergistic blend of cationic and non-ionic surfactants with water soluble solvents, sequestrates, soil suspending agents. Suitable for a wide range of cleaning applications on most non-porous surfaces. Will remove many types of soil including gums, oil, grease, ink and non-dried paint. Effectively cleans engine and radiator internals. Formulated with non toxic raw materials.

- Effective at higher dilutions
- Easily and gently removes inks, dirt and grime
- Safe on most paintwork, metal surfaces, glass and rubber
- Universal application
- Effective in hard and soft waters
- Biodegradable
- Dyed blue for product identification
- Unperfumed – suitable for food areas
- Ideal for use in print shops

### Application

**General Cleaning:** Use at up to 1 to 120 parts dilution in water. Apply via brush, swab or spray. Then rinse with clean water.

Also suitable in Soak spray or circulatory cleaning systems.

**Heavy Duty Cleaning:** Dilute up to 1 part in 30 of water. Apply to surface, work into dirt, allow a few minutes contact time prior to rinsing.
