## TEMPRO LQ-1 NU 320

**Tempro Lq-1** is a Biostable oil free, nitrite free mildly alkaline organic based product formulated as a rust inhibiting additive for final rinsing in spray or immersion washing processes, for use in leak or pressure testing systems, and rinse tanks to provide interstage protection under internal storage conditions.

Treated ferrous components are inhibited for short term protection during processing. Tempro LQ-1 is suitable for use following either acid or alkaline processes, and produces a stain free finish which is ideal for subsequent painting.

### Directions for use

Use dilutions of between 1.5% Hot to 3% Cold solution strength are recommended

### PRODUCT DATA

Appearance	Clear yellow liquid.
Odour	Mild
Specific Gravity	1.07
pH @ 1%	8.0
Flashpoint	Non Flammable

### HEALTH AND SAFETY INFORMATION

Not classified as dangerous, however the following safe working practices are recommended. Do not mix with other chemical products unless specifically directed. Avoid unnecessary or prolonged personal contact. Keep out of reach of children.

**First Aid.** Wash splashes from the skin with soap and water. Following eye contact flush thoroughly with water. If swallowed, DO NOT INDUCE VOMITING. Give water to drink. Medical attention is recommended following eye contact, or if the product is swallowed. **Spillages.** Small spillages may be flushed to the foul sewer with plenty of water. Larger spillages should be absorbed with mineral absorbent, and collected for disposal.
